SUMMARY

Motivated IT undergraduate with a strong interest in full-stack software development. A quick learner with good problem-solving, communication, and teamwork skills, eager to apply academic knowledge in a practical environment, learn new technologies, and develop professional skills through an internship opportunity while contributing effectively to a dynamic software development team.

SKILLS

Languages & Frameworks: Python, Java, Dart, PHP, JavaScript, HTML, CSS, React.js, Flutter
Databases & Tools: MySQL, Firebase, Git, GitHub, Docker, Postman
Other: REST APIs, UI/UX
Soft Skills: Teamwork, Communication, Problem Solving, Time Management, Self-Learning

PROJECT EXPERIENCE

Smart Medical Hand Band – Elderly Health Monitoring System | *Final Year Group Project* | *Flutter, Firebase, IoT Sensors, Machine Learning, BLE*

- Developed a smart wearable system to monitor elderly users' health and daily activities in real time.
- Integrated heart rate, SpO_2, body temperature, motion and pressure sensors for health and fall detection.
- Developed a Flutter mobile application for caregivers and a web dashboard for viewing health reports and alerts.
- Implemented medicine reminders, emergency alerts and real-time data synchronization using Firebase.

University Student Event Management System | *individual* | *React, JavaScript, Tailwind CSS*

- Designed and developed a web-based platform for managing and discovering university events.
- Created user-friendly interfaces for event browsing, registration and event information management.
- Applied UI/UX principles to improve usability and accessibility.

Job Application Tracker | *Individual* | *React, JavaScript, Tailwind CSS, Firebase*

- Designed and developed a web-based application to manage and track job and internship applications.
- Implemented features to add, update, delete, and monitor application statuses, including interviews and job offers.
- Integrated Firebase Authentication and Cloud Firestore to manage user accounts and store application data securely.

EDUCATION & CERTIFICATIONS

Higher National Diploma in Information Technology | *Institute of Technology, University of Moratuwa* 2025 – Present

Diploma in Information Technology & English | *Esoft Metro Campus*

Certificate Course in Introduction to Data Science | *CISCO Networking Academy*

Certificate Course in Python for Beginners | *CODL, University of Moratuwa*

Certificate Course in Web Design for Beginners | *CODL, University of Moratuwa*
